Your destination awaits

From the rugged, breathtaking face of the Atlas Mountains to the shifting golden dunes of the Sahara, Morocco is a place of unparalleled natural beauty. Not to be outdone, Morocco's craftspeople imbue their work with the rich palette and texture of their surroundings. E.Y.H.O. will take you into the homes and workshops of Morocco's many talented artisans to learn of their sense of shape, form, colour, and texture.

We will also visit medinas, mosques, and villages carved from rock, experience a night under the stars in deluxe Berber tents, and wander lush palmyra gardens. This trip is a veritable "best of" this enchanting country.

What I love about this itinerary

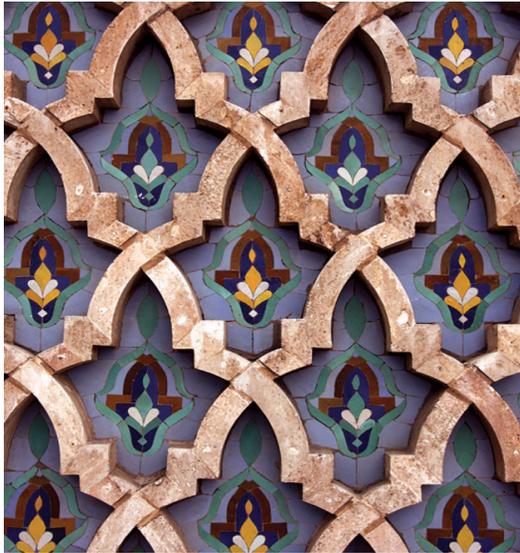

Stunning landscapes and unique lifestyles are a given in this endlessly fascinating country. We will explore fabled royal cities, charming mountain towns, the Sahara Desert, Atlas Mountains, and the chic that is Marrakech. If that isn't enough, we will go deeper by camping with Berbers in the desert, and meeting with, and working alongside, artisans who craft exquisitely with their hands and hearts. Hands on workshops with women who have found their voice and vocation. Few attempt the scope of this itinerary, and even fewer do it really well. With options for branching out later according to your desire, this trip promises to make your "best-ever" list.
